

## **Banana pudding**

By Greg Downing

6 bananas  
2 boxes of vanilla wafers  
8 oz container of sour cream  
1/2 container of cool whip  
large box instant vanilla pudding  
3 cups milk (for pudding)  
1 tsp vanilla extract

1. Make vanilla pudding
2. Add tsp vanilla, sour cream, and cool whip - mix well
3. Slice up 3 bananas to form bottom layer, add a layer of vanilla wafers
4. Add about half of the pudding mixture and smooth it over
5. Add another layer of bananas, vanilla wafers, and finish with the rest of the pudding mixture.

\*Save the rest of the cool whip for the next batch -or- add it on top of the one you just made for fun!
