

# Peach Cobbler

By Mary Halverstadt

1 Can Peach Pie Filling

1 Cup Bisquick

1 Cup Sugar

1 egg

¼ lb. butter melted

Spray dish with nonstick spray and dump in Peach Pie Filling.

Mix Bisquick, sugar and egg together until crumbly.

Place mixture evenly on top of peaches.

Drizzle top with the melted butter.

Bake at 350 degrees for about 30 minutes or until golden brown.

Mary says it could be made with any pie filling such as apple, cherry, or blueberry.

Enjoy!
